

Full Size Field U6 Mini Roos Layout

- The coloured circles below are the corner poles of the 8 Mini fields. Put them up in the same order as the numbers - pace out distances shown:
 - first, put up the ① poles near the corners and 10m either side of half-way
 - next put up the ② poles by pacing out 20m in from each of the ① poles
 - then do the ③ poles near the goalposts
 - Pace out and put up ④ poles, align them with ① ③ and finally do ⑤ poles
- As you go, walk around a bit and check that all poles line up neatly across and down the field – tidy up if needed
... you'll get 8 tidy fields 20m x 30m.
- Finally, put up mini goals and mark the field sidelines and goal lines with cones
